

# HOW TPRG CAN SAVE YOUR COMPANY 100 DAYS!

## Direct Client Advantages

FDA Accredited for over 1,200 Product Codes

Review Team Averages 25+ Years' Experience

## Why We Exist...

TPRG is accredited by the FDA to review Medical Device Submissions on their behalf as part of the **Third Party Review Program**.

By fast tracking clients' submissions this reduces time to market saving you 100 days on average and increasing revenues.

## Revenue Impact...

Consider the potential revenue opportunity. As an example, a cleared medical device sold at a unit cost of \$8,500 factoring projected sales of 10 devices per month over a 100-day period, would yield additional **revenue valued at \$255,000**.

## How We Do It...

The Process is simple and interactive.

**PHASE 1:** RTA review averages 10 days.

**PHASE 2:** Substantive review averages 20 days.

**PHASE 3:** FDA final review/SE determination averages 30 days.
